

Sir,

Please dont cut VRS. Thank and  
Another I see in Hospital Real Hard For  
me put VRS. I want to Bad But shame  
me. Bec in Hospital put VRS EVERYONE  
in Room Like ICU, emergency and  
Doctor Office. I see in Dr. Office small  
Room no Room For VRS. I am Give up  
For hospital and doctor Office For help  
VRS Video. I am Sad For All Deafness  
People in Future. Now I said Please  
dont cut VRS. Thank you

Daniel P. Cominotti

Second page. P.S.

I Like URS new to me. I am  
Smile REAL Big smile, URS Good  
For speed like emergency than  
CALL TO live person make appointment  
to come to US. Real Fail Best URS.  
-OH, another TTY yes Fail too. All  
Deafness people ~~wrote~~ typewrite poor  
Read poor. Lost Business now URS  
I see Real Fast grow Deafness wake-  
up. I am tell you Real Lot thank For  
URS help US. Old tty now New  
URS and yes you will see more  
grow URS Bec Recent New URS.  
I pray you will see URS Grow.

RE: CG Docket No. 03-123  
Federal Communications Commission (FCC)  
445 Twelfth Street SW  
Washington, DC 20554

Dear Chairman Martin, Commissioners Adelstein, Copps, McDowell, and Tate:

I am a deaf person and I use Video Relay Service (VRS) to communicate. I was appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf. Instead of seeking to limit the number of deaf people with VRS access, the FCC should do everything in its power to make VRS available to more deaf people.

I, along with other Deaf individuals, use these services in both my work and personal life. It is an important way in which I/we communicate with both hearing and deaf individuals. I urge you to do everything you can to make VRS service available to the many deaf people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf people, not discourage them from reaching out to more deaf people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, along with other deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.

Sincerely, Seanette la Santa Cruz  
Calle 45 T24 Urb Parque Ecuestrie  
Carolina P.R. 00987

Washington, DC 20554

Dear Chairman Martin, Commissioners Adelstein, Copps, McDowell, and Tate:

I am a hearing person and use Video Relay Service (VRS) to communicate with other deaf and hard-of-hearing individuals. I was appalled to learn that FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf. Instead of seeking to limit the number of deaf people with VRS access, the FCC should do everything in its power to make VRS available to more deaf people.

I, along with other hearing and Deaf individuals, use these services in both my work and personal life. It is important way in which I/we communicate. I urge you to do everything you can to make VRS service available to the many deaf people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf people, not discourage them from reaching out to more deaf people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- Provide service and technology improvements, such as the development of new videotape equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, along with other hearing and deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.

Sincerely,

*Liana Robbins*
